AWAKENING HAPPENS AT THE SPEED OF *Partnership*

A Letter from Mrs. Karen

In light of all that is happening in the earth, we are more passionate than ever about seeing a generation awakened. God has continued to lead us, opening doors and expanding the vision of the Ramp, so we can reach a generation. We have continued to experience His faithfulness even in the midst of world wide chaos. It's truly humbling to be a part of everything He has done and continues to do through this ministry.

He is giving us more clarity to accelerate the vision and more opportunities to see it come to pass. What He has told us to do, we are doing it now. We know awakening happens at the speed of our obedience, and we're not pumping the brakes, but pushing full steam ahead to reach more young people!

It is definitely God that is building this ministry, but He wants to use us to be a part! I continually stand in awe of this. While we've accomplished so much together, God has given us a strategic plan to accelerate the vision quickly.

Since the beginning, it has always been our desire that anyone who wanted to come would be able to—that there would be nothing keeping them from coming and experiencing a life changing encounter with Jesus.

All of our 2022 Ramp Conferences will be free at no cost to our attendees. Our desire is to echo the words of Isaiah: "Come, everyone who thirsts, come to the waters; and he who has no money, come, buy and eat..." As we obey the Lord and take this step of faith, we believe a generation will come to encounter God and be radically awakened in His presence.

We want to invite you to partner with us to awaken a generation by investing in the lives of young people through monthly partnership. Your monthly partnership covers the cost of registration and creates an opportunity for a young person to come at no cost and encounter Jesus.

Our goal is to have 2000 partners within the next year! Why 2000? Because the word is from God. Because it fulfills the vision of awakening a generation. Because it is a milestone that covers every cost and fills every conference to capacity with a young person in need of awakening.

Eternal life change is made possible through your partnership. We continue to stand on the word the Lord gave me at the Ramp's genesis: "What you invest in the lives of other young people, you'll reap in your children....your youth group, your church, your family..."

Together, we can pray, believe, and give. Together, we can accelerate the vision. Together, we can see a generation awakened.

Every gift creates more momentum!

Awakening made possible through partnership.

One night our team was doing outreach at the entrance of a huge night club in Manchester where we have the opportunity to speak to many individuals as they come in and out of the club. **One young man had failed an attempt to jump the gates and was turned away from the club. With his shirt torn off and covered in blood from an altercation with the club's security team, he walked right up to our team as we were ending our night in a group prayer. He came right into the middle and asked us if we could pray for him. "I can use all of the prayers I can get," he said. As our team began to pray for him, many began to release words of knowledge over him. The Lord revealed that he was dealing with night terrors and anxiety. He was blown away that God told us what he was dealing with. These words of knowledge revealed to him that God saw him and cared for him. He decided not to go back in the club, so our team bought him an uber home and a young man on our team gave him the shirt off his back. He went out that night searching for something that a night out could never fulfill. Instead, he encountered a God who knows him, who is intimately acquainted with all his ways.**

Our team walked up to a man and asked if they could pray for him. He responded: "If you want to pray for me, ask your God what I need prayer for." So our team all had the same word of knowledge for him about a disappointment/hurt in his childhood. When the team told him the word, he denied and said that wasn't true, but continued to talk with them about Jesus. He began asking all kinds of questions about salvation and Christianity, and as our team conversed with him he began to open up and share his heart. By the end of the conversation he gave his life to Jesus and let our team pray for him! Not only that, but he later told them that the words of knowledge were actually right but he didn't want to admit it. A few weeks later he attended Ramp church where our team was so excited to see him.

LIFE CHANGE

I grew up majority of my life as a pastor's kid, constantly going to church but only believing in the Lord, because it's what my parents believed. Closer to high school, I began living in compromise, because I wanted to fit in and have the friends. In this lifestyle, I got caught up with my friends one night and was involved in a wreck resulting in losing a best friend. After that night, I couldn't see how God could be real if something like this happened. I was severally injured and had serious brain trauma. I was depressed and having continuous panic attacks. I began drinking, doing any drugs I could get my hands on, and turning to men for validation. The relationship I was in at the time became abusive in every way possible. I reached a point to where I had tried everything to heal me, or so I thought. I remembered the Lord speaking to me as a child at the Ramp one time, so I asked my mom to take me back. I didn't even know how to approach the Lord, because I felt so unworthy and disgusting. It was a morning service in the middle of worship, and I hit my face and just cried out before the Lord. He met me in that moment and embraced me with a love that mended my brokenness. I was still battling with a mental issue and felt the Father leading me to get baptized that afternoon. I was confused, but I was desperate for a touch from God. When I got baptized, I was completely healed from every mental disability! The Lord encountered me like never before that day.

— Grace (RSM)

LIFE CHANGE

I grew up with two wonderful Christian parents who supported me the best they know how, whether it was through church events, performing arts, sports, or videography. As the years passed by, I started to only focus on performing arts. I thrived in the arts the most and received a lot of attention from different groups of people. Around my Junior year of high school, I started to receive attention specifically from men. Thoughts and desires that I buried deep when I was younger started to come to the surface.

I slowly began to engage in a homosexual lifestyle. I still believed in God, but my heart was not fully there and my identity was "performing." I went to college for a year and dropped out because of the difficulties with my secret lifestyle, lack of true identity, and disobedience with my parents. Overall, I was confused and broken and my prayers to god consisted of "Lord why did I have to struggle with this...why couldn't I have struggled with porn or drugs...why did you make me like this?"

One of my best friends, knew everything and she suggested that I go to the Ramp School of Ministry. I applied, got accepted, and moved to Hamilton, Alabama. I remember one specific morning prayer where I asked God once again to set me free from homosexuality. God spoke to me saying, "George, I have already set you free, you just have to start walking in freedom." From that point on I have walked through a slow, but necessary process to freedom. The beautiful thing is the more I followed him and said no to my flesh, the more my homosexual desires faded away. My identity wasn't to be a "straight guy" who loves music, it was to simply be a son of the one true King. The more I believed that the more he showed me.

I have completely been set free from that lifestyle and everything I used to do for the world. God has completely turned it around for his good and his glory. I can now say I feel whole and made new. I have a great relationship with my parents again, and God has given me a new identity.

I still stand in awe of the blessings I am living in!

—George

Awaken a Generation

AWAKENING HAPPENS AT THE SPEED OF PARTNERSHIP

Lanes of Awakening

Local

Being an unavoidable presence in the cities He has called us to.

National

Intentionally pursuing the next generation through Ramp Conferences and events.

Global

Expanding through locations and missions into the nations He has assigned us to.

Next Gen

Raising up the next generation of global leaders through the Ramp School of Ministry.

Expansion

Launching locations and building facilities to reach people within our local, national, and global assignments.

ACCELERATE THE VISION

WHAT COULD WE ACCOMPLISH TOGETHER?

FRONT PORCH partners

10,000 RAMP PARTNERS

supporting 10+ conferences every year reaching over 10,000 young people.

We ask you to prayerfully consider joining with us as we awaken a generation.

Will you partner with us?

FRONT PORCH partners

Note from Karen

For the over 20 years, the Ramp has led over 250k of young people into life changing encounters with Jesus through our conferences. We've seen them set free from sin, addiction, depression, suicide and bondage. We've seen thousands of prodigals return home, but there's so many more to reach.

In order to make a way for them in this season, we've removed all registration and were inviting all who would to come at no cost. We're echoing the words of Isaiah: "Come, everyone who thirsts, come to the waters; and he who has no money, come, buy and eat..."

So, I want to ask you to partner with us. I'll ask you to pray and contend with me to see a generation pulled from the grip of darkness and delivered into His marvelous light, but I also want to invite you to come alongside me and help me reach a generation.

Partner with me and let's pave the way for one young person, a dozen young people, a youth group...to come and encounter God, to come and find deliverance, to come and receive healing.

I invite you to share in a promise the Lord gave me in the earliest days of the Ramp, "What you invest in the lives of other young people, you'll reap in your children."
